THE INTERCULTURAL INNOVATION AWARD APPLICATION GUIDELINES 2015

Since 2011, the United Nations Alliance of Civilizations (UNAOC) and the BMW Group have engaged in a historic partnership geared towards creating a new model for collaboration between the private sector and the UN system. Together, they have established the BMW Group Award for Intercultural Innovation, in support of the Alliance of Civilizations, under the auspices of the United Nations (otherwise known as The Intercultural Innovation Award), whose mandate is to select highly innovative grassroots projects that promote intercultural dialogue and understanding, making vital contributions to prosperity and peace.

With the objective of “helping people to help themselves,” both UNAOC and BMW Group mobilize their resources, time and networks to support the awardees. This new model of collaboration between the UN and the private sector creates deeper impact, as both partners provide their respective expertise to ensure the sustainable growth of each project.

Eligible to apply for the Intercultural Innovation Award are not-for-profit organizations active in the fields of migration and integration; intercultural awareness; education for intercultural citizenship; and organizations addressing the needs of specific groups in promoting intercultural understanding (e.g. faith-based, youth, women, media, etc.) with a track record of managing intercultural projects and willingness to expand their range of action. Projects within this competition need to be sustainable. The Intercultural Innovation Award does not support one-time events (e.g. festivals, events, conferences, etc.).

The Intercultural Innovation Award **will be bestowed upon ten organizations.**

The main objective of the Intercultural Innovation Award is to identify and support innovative projects that are already being implemented and have potential for expansion and replication. The Award is given to the organization that is implementing the project with the overall objective of helping the organization to expand and adapt the project to other contexts. Projects presented within this call must have shown successful outcomes during at least its first year of implementation.

Awardees will benefit from a comprehensive one-year program aimed at enabling the transfer of their project to other contexts. After one year, a detailed evaluation will be performed in order to assess the impact of the Award on the recipients.

This one-year support program consists of a monetary prize, training and capacity building, customized support and mentoring, recognition and visibility, and membership to “Intercultural Leaders”. After the one-year support program, alumni of the IIA will still benefit from their Intercultural Leaders membership, which gives access to a unique community of change makers working in the field of intercultural dialogue.

THE AWARDS

MONETARY PRIZE

Awardees will receive a monetary prize to be used for project expansion and/or replication of their project. The total amount of the prize pool is USD 100,500 distributed as follows:

1st	USD 40,000
2nd	USD 20,000
3rd	USD 15,000
4th	USD 8,000
5th	USD 5,000
6th–10th	USD 2,500

TRAINING AND CAPACITY-BUILDING

In order to increase the effectiveness of awarded organizations in their work to expand or replicate their project, the UNAOC and BMW Group have developed an Intercultural Innovation Award training and capacity-building program. Awardees will gather twice during the one-year of support to participate in a multi-day capacity-building workshop addressing issues such as scaling up, financial sustainability, human resources management, communication skills, marketing and use of social media. Workshops will be facilitated by expert trainers as well as BMW Group associates. In addition, organizations will be offered the chance to participate in a series of webinars and other training opportunities in various topics of interest to them.

CUSTOMIZED SUPPORT AND MENTORING

Awardees will draw from one-year active support and consulting from the UNAOC and the BMW Group in order to help them to become more efficient and to expand, as well as enable their transfer to other contexts or settings where relevant. A detailed needs assessment will be conducted with each of the awardees after the Awards Ceremony at the 7th UNAOC Global Forum. The specific support received will depend on the individual needs of the projects. The UNAOC and the BMW Group will then mobilize additional resources to help those organizations achieve their goals. Based on experience by previous recipients, this support can be as diverse as connecting awardees to BMW Group local branches, facilitating agreements with local businesses, providing pro-bono translation, facilitating sponsorship agreements and connecting awardees to other international organizations and UN bodies.

In addition, the Intercultural Innovation Award pool of experts will provide support and guidance in the fields of fundraising, grant writing, financial sustainability, multimedia, graphic design, organizational development, marketing, monitoring and evaluation, and social media.

RECOGNITION AND VISIBILITY

Awarded organizations will be invited to participate in the 7th UNAOC Global Forum where the Awards Ceremony will take place in the presence of hundreds of Heads of States, ministers, media and civil society organizations (see a video of last year's ceremony here: https://youtu.be/_8lqO-gFwSI).

Awarded organizations will also be supported in the development and implementation of a communications plan by BMW Group communications specialists as well as a US-based public relations firm.

Finally, awardees will be invited to participate in regional or global events that can serve as platforms to present their projects.

INTERCULTURAL LEADERS MEMBERSHIP

Awardees will become members of "Intercultural Leaders", a project of the UNAOC in partnership with the BMW Group. Intercultural Leaders is an exclusive skills and knowledge-sharing platform for civil society organizations and young leaders that work on addressing cross-cultural tensions. Through an innovative online system, Intercultural Leaders harnesses the solidarity of its members to maximize the impact of their work and help them foster cross-cultural understanding and cooperation. Intercultural Leaders allows its members to:

1. Be part of a unique community of change makers;
2. Connect with other organizations and individuals, learn about other projects, programmes and initiatives and collaborate with them;
3. Post their organization's needs and receive effective help and advice from experts, including Responsible Leaders of the BMW Foundation and BMW Group associates, enabling organizations to maximize their impact;
4. Get notified of opportunities: competitions, grants, conferences, etc.

SELECTION PROCESS

The selection process for the Intercultural Innovation Award is guided by the principles of fairness, transparency and integrity. The steps outlined are intended to retain the integrity of the process whilst preserving a level of flexibility in the creation of an open and effective competitive procedure.

The selection process is composed of the following 4 steps:

ELIGIBILITY SCREENING

All submissions will be rigorously assessed using the eligibility criteria. Applicants must meet all eligibility criteria outlined below in order to be considered.

SHORTLISTING

Based on the written submissions and accompanying materials, a maximum of 50 applications will be short-listed by a pre-selection committee composed of the following: one member from the UNAOC, one member from the BMW Group and two experts in the field of intercultural relations.

Shortlisted applicants will be required to provide further documentation, including but not limited to the organization's budget, draft budget for the use of monetary prize and work plan (templates to be provided).

Only shortlisted applicants will be notified

SELECTION OF FINALISTS

Ten finalists will be selected by an international jury of experts composed of scholars, practitioners and one member of both the UNAOC and the BMW Group. Applications will be assessed using the comprehensive set of criteria outlined below.

Shortlisted applicants will be interviewed during early 2016.

FINAL EVALUATION AND DECISION

The projects of awardees will be presented at the 7th UNAOC Global Forum. The final decision of the international jury of experts regarding the ranking of award recipients will be announced during the Awards Ceremony at the UNAOC Global Forum.
